

### (3) Fill out the pre-vaccination screening questionnaire (Japanese) before going to the vaccination location.

The following information is posted on the Ministry of Health, Labor and Welfare website (multilingual information on vaccination).

Please access from the QR code on the right and use it as a reference for vaccination and filling out the pre-vaccination screening questionnaire.

- Translations of the pre-vaccination screening questionnaire
- Explanation of Pfizer / Moderna vaccines

\*Please fill out the pre-vaccination screening questionnaire sent by your municipality.

Do not fill out the translated sample.

### (4) Getting Vaccinated (1<sup>st</sup> round)

- Please bring the following items when getting your vaccine.

If you forget any of these, you will not be able to get vaccinated.

- ① **Vaccine voucher (coupon): Do not detach**
- ② **Pre-vaccination screening questionnaire: Please fill it out beforehand**
- ③ **Valid identification: Residence Card / Driver's License / Health Insurance Card**

- The vaccine will be injected in your upper arm so please wear clothing with easy access to your upper arm.
- Please wear a mask.
- If you have a medical record book, please bring that with you.

### (5) Getting Vaccinated (2<sup>nd</sup> round)

When vaccinated with Pfizer vaccine: About 3 weeks after the first shot

When vaccinated with Moderna vaccine: About 4 weeks after the first shot

\* Please be sure to get vaccinated with the same vaccine for the first shot and the second shot.
